DANN IS BETTER.

The condition of Fred P. Dann, who is seriously ill with pneumonia at his home in Reno, is much better, and the opinion is expressed that he will continue to improve from now on. Yesterday was Mr. Dann's worst day. He was unconscious for a time but rallied toward evening.

SIX VENIREMEN
CHALLENGED
IN WEIR CASEEXAMINATION OF NEW JURORS
OCCUPIES REST OF AFTER-NOON.

In the Weir case in the district court this morning the state and defendant exercised three peremptory challenges and six new jurors were substituted in the box. Yesterday afternoon Tex Watson, Fred Knox and Davis qualified. George Harton was challenged by the state and Robert Gillen taken in his place. Then the defense challenged Dan Devlin, and Harry C. Stimler was called from the list, only to be called off by the state. Harry Bergman was challenged and his place taken by George Mannington. W. H. Johnson took the chair vacated by Stimler and the examinations continued.

INDIANS SPREAD
DEADLY DISEASE

INFANTILE PARALYSIS COMMUNICATED BY ROVING BANDS PAH UTES.

It is reported that the two children of Stanley Wines of Ruby valley, who are suffering from infantile paralysis, are doing as well as can be hoped for, says the Wells Herald. It seems that there is no question but what they contracted the disease from Indians. When this disease appeared at South Fork, in this county, a number of the Indians of that section left and went to Ruby, carrying the disease with them. After the children of Mr. and Mrs. Wines contracted the disease the Indians again began to move, and started for Wells. Word was sent here of their coming and they were stopped at Warm creek and compelled to retrace their steps. This disease is a very fatal one, almost impossible of control, and nothing should be left undone in the attempt to stamp it out. People who are in the habit of having Indians around their homes should keep the Indians away. They are intermingling more or less, and liable to contract and spread the disease.

G. P. HERRICK, special agent of the superintendent's office of the Western Union, left this morning for Mina, after examining the local office. He reports business in Tonopah equaling the highest expectations of the company.

FRED WILSON, who is well known here, left this morning for Fallon, where he has become interested in the Wingfield dairy proposition. He says the new movement has been received by the people of Churchill county with the greatest enthusiasm and that others are likely to follow the example set by Wingfield in bringing blooded stock into the district and developing the dairy industry.

If it's of exceptional value at the price, it's sure to be advertised in the Bonanza, else the merchant would be hopelessly unprogressive.
